Review from Thursday

1. Define solid waste.
2. Define hazardous waste.
3. Identify and define solid and/or hazardous waste streams in different project areas.
4. Generate exploratory intervention ideas related to different project areas.

Goals

- ▶ Get the pulse of the class
- ▶ Meet our groups and start deciding projects

Check in

- ▶ Is anybody feeling uncomfortable about meeting with their group and diving into project selection?
- ▶ Anything I can do differently (or start doing) to better to support you and learning?

Class collective project ideas

- ▶ You generated a lot of great ideas!

My project thoughts/brainstorm?

Group meet!!

- ▶ Introduce yourselves (names and preferred pronouns)
 - ▶ Also introduce something non academic you've been into lately (song, book, TV show, food spot, local park, movie, stretch of street or trail, museum, sport, etc.)
- ▶ Start brainstorming group project idea; brainstorming doc is available if it would be useful.
- ▶ If you are not in a group, please come talk to me and we'll figure something out.

How did the group meeting go?

How did the group meeting go?

- ▶ Ways of improving facilitation?

Next activities: choose our own adventure

- ▶ Research approach (google scholar, CLIO, web of science, nypl)
- ▶ Introduce my project idea
 - ▶ Building scale NYC compost, possibly implemented city-wide.
- ▶ Return to Groups for more project discussion
- ▶ Return to Groups for image hunt

What would be helpful for next class?

- ▶ Anything specific you want me to prepare for Thursday?

Thank you! and plan for Thursday

- ▶ Each group will introduce themselves and their initial project ideas (or questions and issues they ran into while trying to converge on a project idea).
 - ▶ Goal: informal, conversational and no stress
